PROFILE

I run a family practice in Model Town where I see grandparents, parents and children, often in the same week. Knowing the family makes care faster and safer. I believe in fewer tests and better conversations. When you need a specialist, I tell you which one and why, and I stay in the loop.

EXPERIENCE

Family Physician & Owner Model Town Family Practice	2012 – now
Medical Officer Lahore General Medical Centre (sample)	2009 – 2012
House Officer Lahore	2008

EDUCATION

MCPS Family Medicine College of Physicians & Surgeons Pakistan	2011
MBBS Faisalabad	2007

SKILLS

Diabetes · Blood pressure · Child fevers · Annual check-ups · Vaccinations · Elderly care

AREAS OF CARE

Diabetes care - Sugar control explained in plain words, with food that fits a Pakistani kitchen.

Children's fevers - When to worry, when to wait, and when antibiotics actually help.

Care for older parents - Medicine reviews, fall prevention and home visits.

Annual check-up - The tests that matter at your age, and nothing else.
